*Annual Report*  
2020-2021

## Mission

Abilities is dedicated to improving the employability and quality of life for people with different abilities by providing training and individualized services.

## Vision

An inclusive community where individuals with different abilities are given the opportunity to reach their fullest potential in life.

## Values

**Communication-** Keeping the lines open for a brighter future. **Compassion-** Understanding the sensitive needs of each individual. **Fun-** Stopping to smell the roses along the way. **Integrity-** Saying and doing what we mean. **Respect-** Treating each individual with a high regard. **Safety-** Promoting a healthy environment. **Teamwork-** Working together toward our common vision.

## Who We Are

Abilities is a not-for-profit 501(c)(3) agency providing a full array of community integrated employment, day and community based services for individuals with different abilities. Proudly supporting nearly 400 individuals throughout the northwestern region of New Jersey.

We take great pride in our innovative services and community employment opportunities which we provide to ALL who are seeking supports to achieve their goals. Abilities is a person-centered, forward thinking organization, consistently creating new opportunities for success. Individuals are supported in their community while acquiring new skills and experiences.

## *Message from the Chief Executive Officer*

It is with great pride that I share our 2020-21 Annual Report. This report reflects strong commitment to our mission, perseverance throughout the pandemic, and a few of our most recent success stories.

The achievements included herein are even more commendable as we continue to navigate the effects of the pandemic, and follow ever changing protocols on compliance. Throughout it all, this team never wavered on what is most important, the safety and well-being of each other and those we serve. We found it critical to stay connected, hoping to reduce the negative affects of isolation. As the year progressed, we continued to expand partnerships and opportunities, leading to progress and success.

This report represents the best in creativity, compassion, support, education, and teamwork. I hope you are able to take a few minutes to read through it, and join me in congratulating this amazing team and those we are honored to serve.

It would be impossible to provide these exceptional services without the support of our community. On behalf of our board of trustees, thank you for being a part of the Abilities community, thank you for your continued support, and thank you for helping us make a difference in the lives of so many!

Respectfully,

A handwritten signature in black ink, appearing to read "Cynthia B. Wildermuth". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

## Remote to Reopening

Entering into January 2021, we were hopeful our day programs would be able to reopen as anticipated after being closed again in November 2020, just two short months after finally opening since the pandemic began. Unfortunately the first week brought some continued bad news. Not only were day programs not able to open- there wasn't a new timeline given.

As our fantastic team always does, we continued providing the best supports possible! Group and one-on-one remote supports continued, evolved, and expanded to include new individuals and engaging content. Community Based Supports (CBS) was also provided to individuals who chose to have a staff provide services in-home. And, our team worked hard to prepare for when the green-light was given to reopen once again.

Finally, it happened! We were able to open at reduced capacity on April 27th!

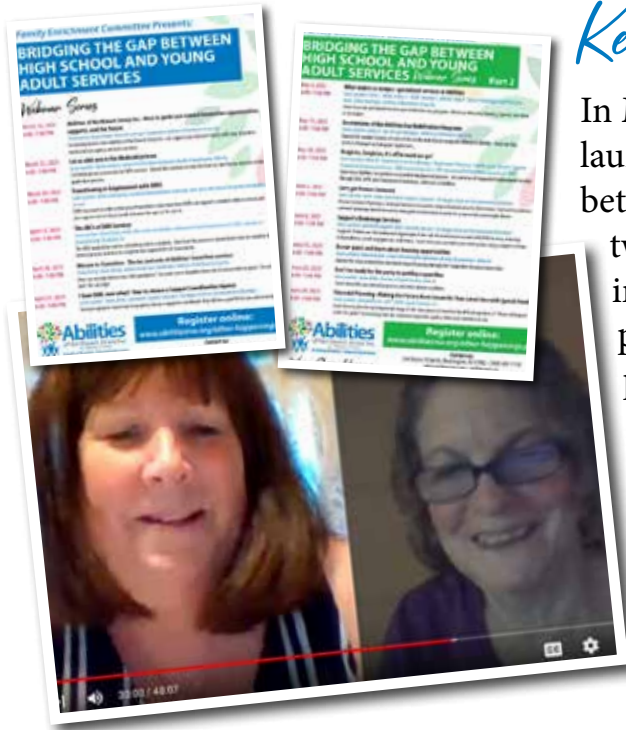

## Keeping Connected

In March of 2021, our Family Enrichment Committee launched a webinar series titled “Bridging the Gap between High School and Young Adult Services”. This two-part series offered virtual presentations featuring information about transition, highlighting our programs and services, and offered guidance from professionals on other hot-topics such as housing and financial planning.

Hosted by Karen Menke, Outreach and Care Coordinator at Abilities, each webinar was recorded for future viewing. *Recordings can be found:* [abilitiesnw.com/links-resources.php](http://abilitiesnw.com/links-resources.php)

“ Sue exemplifies what it means to be truly passionate about our mission at Abilities. Her amazing drive, program development skills and leadership style have provided countless opportunities for individuals of all levels of ability, including 785 successful placements in competitive community employment. ”

Thank  
you!

“ Karen’s well rounded experience at Abilities has made her the “go to” person for many things. She is motivated, reliable, resourceful, and initiative driven. Karen is someone you can count on to get the job done. She is a wonderful support to coworkers and is always willing to assist where she can. ”

## College Collaboration

Throughout the Spring, students from Dr. Barnett's Advanced Composition - Service Learning class at Centenary University researched, wrote and recorded short videos on a range of fun and interesting topics. These videos were shared during remote supports in our day programs where feedback and suggestions were provided back to the students. At the end of the semester, Abilities' Rockstars had the opportunity to return the favor and showcase their talents by putting on a virtual musical performance for the class.

As the Fall semester began, the collaboration continued except this time it was in person! The Rockstars met with the class and handed out instruments, demonstrated how to play them, asked the students to join in the performance, and had a short question and answer session. To wrap up the event, the Rockstars were awarded the president's coin of excellence! Both the Rockstars and Centenary University benefitted from the ongoing partnership and look forward to growing the relationship into the future!

## Dashing Designs

Abilities' artists have a wonderfully unique perspective on life and when asked to submit designs for our "What does Abilities mean to me?" t-shirt contest, it was difficult to choose only two winners! **Congratulations to our winning artists of the 2021 Rock Your Spirit design contest:**

"Path to a Bright Future"-  
Brianna H.

"Friendship and Inclusion"  
- Alexander T.

Both designs were featured on t-shirts manufactured by PrintAbilities.

# Employment Pathways

A Division of Abilities of Northwest Jersey Inc.  
Unlocking Potential • Empowering Success

## Shared Space

This year was exciting and refreshing with a move to a new location, sharing space with PrintAbilities at 58 East Washington Avenue, Washington.

The new space allows for cost-savings while providing necessary space for our Employment Pathways staff to utilize as needed after providing supports.

## Outcomes and Success

- Celebrated 27 new community employment placements
- Partnered with 19 employment sites in the community for training and placement
- Hourly starting wage range was \$11 to \$18 per hour
- 100% satisfaction response from both individuals receiving services and employers

## Internships "Pay Off"

Over the summer, 26 area high school students participated in a paid summer internship program provided by Employment Pathways' Pre-Employment Transition program. The grant was funded by the New Jersey Department of Labor - Division of Vocational Rehabilitation Services.

Prior to the internship, each student was required to participate in orientation, take a soft skills assessment and receive classroom instruction. While all of the students learned new skills and gained confidence in their ability to get and keep jobs, more than a third are still at work, including six who were offered employment, one who stayed on as a volunteer, and two who were hired by other companies.

Participants earned \$12 per hour while working 15-20 hours a week in several different industries, including retail, health care, personal services and hospitality.

# RISE

Readiness for Individual Success in Employment

RISE- Readiness for Individual Success in Employment- is designed to assist young adults in transitioning from high school to adult life. Developed in partnership with Employment Horizons, Inc. this program is geared towards students who are no longer in high school and are figuring out their next steps.

## Meet Juliette

Juliette joined the RISE program unsure of the type of employment she wanted. Through interest inventory assessment and person centered planning, our team was able to identify her desire to work with animals. RISE participants are exposed to four different career paths, so Juliette started her job sampling at other businesses, but thoroughly enjoyed her time working at Mane Stream Inc. where she was responsible for the care and well-being of therapy horses.

# STAR

STAR is an education-based, employment initiative providing career development and support opportunities to individuals with different abilities. In partnership with Warren Community College, classroom instruction takes place on campus, followed by job sampling at various locations in the local community.

## Meet Joe

Participating in our eight week STAR program on campus at Warren Community College, Joe spent his mornings working on the soft skills needed to get and keep a job.

In the afternoon, he would job sample at local businesses, to explore various career clusters. Pictured here, Joe was learning food preparation at Hawk Pointe Golf & Country Club.

Project | SEARCH®

at  Atlantic Health System  
Newton Medical Center

Project SEARCH is a one-year, business-led, unpaid internship program for students in their last year of high school and young adults with disabilities, that takes place entirely at Newton Medical Center in collaboration with Sussex County Educational Services Commission.

## Searching for Success

Four interns successfully completed the requirements for the Project Search Grant. Two interns accepted positions immediately, with an additional placement soon after. Of these three placements, two continue to be successfully employed.

This past year, PossAbilities Thrift Boutiques experienced great success including sales doubling from the previous year, consistent growth, new partnerships and community connections! The Phillipsburg location expanded and opened “The Wardrobe Wing” and Flemington won Hunterdon Happenings “Best Bang for Your Buck” 2020 Retail category for the second year in a row. ***Congratulations!***

Even with the challenges of the ongoing pandemic, PrintAbilities continued to experience solid sales and expanded to provide customers with a private customer service area and showroom space separated from the manufacturing space.

Almost doubling the weight recycled this year, SustainAbilities kept 30,960 lbs of e-waste from ending up in the landfill through individual donations and collection events with local municipalities and not for profit groups!

## Growing Opportunity

The pandemic presented challenges with the opening of the Warren Community College campus store, as a majority of the year the school was virtual with online sales only. The store offers skill training opportunities to individuals attending our STAR program and provides a valuable source to the students and staff. College spirit wear printed by PrintAbilities, technology, and basic school supplies are inventoried, priced and recorded by trainees through a point of sales system.

## Special Honors

While each of our staff and the individuals we support deserve to be recognized for their resiliency and determination to keep moving forward throughout the pandemic, we'd like to acknowledge a few special honors that took place in 2021:

**Robert Stewart-** Diamonds in the Sky Special Recognition award recipient

**Willie Dee Leak-** Diamonds in the Sky Individual Achievement award recipient

**Rachel Ulm-** NJACP DSP Hero award recipient

**Michael Adams-** NJACP STARS award recipient

## Events and Fundraisers

With restrictions and concerns loosening throughout 2021, we were able to hold in-person special events and fundraisers again.

**Abili-Tee's Invitational Golf Outing-** held on June 28th at Panther Valley raised \$29,124.

**Diamonds in the Sky Dinner Dance-** after postponement from 2020, the celebration was held on September 18th at Hawk Pointe and raised \$45,404.

**Festival of Trees-** held December 9th at the Rossi Chrysler, Jeep, Dodge, Ram location and raised \$55,918 benefitting Abilities and DASACC.
