

WASHINGTON, NJ- Rossi Chevrolet Buick GMC of Washington hosted its 9th Annual Festival of Trees on December 6th, 2018. Over 200 community members and business representatives attended to kick off the holiday season and support the beneficiaries, Abilities of Northwest Jersey and Domestic Abuse and Sexual Assault Crisis Center (DASACC).

The evening began with a special performance by the Abilities' Choir. With over 65 Christmas trees sponsors, many with unique themes, the Rossi showroom was transformed into a festive atmosphere as guests mingled while voting for their favorite trees. This year's winner was Frank Rymon & Sons of Washington. The premier event sponsors included Ally Financial, AMC Landscaping, St. Luke's Warren Campus, Arctic Foods, Gibson's Fitness Center, John Johnson Chrysler, Dodge, Jeep and the NJCAR Foundation.

The event raised over \$42,000 that will directly benefit the two organizations, Abilities of Northwest Jersey; who is dedicated to improving the employability and quality of life of individuals with disabilities; and DASACC, who serves and advocates for those impacted by interpersonal violence while providing a safe shelter for those affected by domestic violence and sexual assault.

Rossi has announced Abilities of Northwest Jersey and DASACC of Warren County as the two beneficiaries for the 2019 10th Anniversary Festival of Trees, to be held on Thursday December 12th. "It is an honor to work with such amazing organizations along with a caring and supportive community. Together we have made a difference in so many lives, and for that we are forever grateful." says Patti Sue Rossi of Rossi Chevrolet Buick GMC.
