Anime “Yuyushiki”

Jamaal Theodore

“Yuyushiki” follows the daily lives of three high school girls; the intelligent but childish Yuzuko, the kind but airheaded Yukari, and the mature and easily irritated Yui, who are all part of their school’s data processing club. As the girls spend their days having meaningless discussions, they occasionally come up with topics to research while in their club room.

You are sweet, you are

Jewelry

Anonymous

I like to wear jewelry on my birthday, Christmas and special days. I do not like to wear jewelry to work because I could lose them. I will give you some advice on buying jewelry.

- 1- You should not buy jewelry that is too small for you, you will not be able to take it off.
- 2- When you buy a necklace, you should look for gold because then your skin does not change color and the necklace will not break easily.
- 3- If you buy a bracelet, make sure it is not too big or too small. Gold bracelets are good too because you can get them wet when you wash your hands.

I hope you keep these facts in mind when you go to buy jewelry!

Bird Nests

Jack French

The birds build nests in trees, they use the nests

To lay their eggs. When the baby birds are born, the babies stay in the nests for a little while and the mother bird takes care of them.

When the babies are ready, they leave the nest and live on their own.
