Valentine's Day

Nicole Jones

I am looking forward to Valentines Day because I share time with my friends and my staff. The staff at my house give me chocolate and we watch a movie! I like to make cards for my friends and my staff, I decorate them with hearts.

Movie History

Kevin Giordano

M3GAN (pronounced "Megan") is a 2022 American science fiction horror film directed by Gerard Johnstone. It was written by Akela Cooper from a story by Cooper and James Wan (who also produced with Jason Blum). Allison Williams and Violet McGraw star, Amie Donald physically portrays M3GAN, and Jenna Davis voices the character. Its plot follows an artificially intelligent doll, who develops self-awareness and becomes hostile toward anyone who comes between her and her human companion.

Animals

Florence Scribner

I chose to write about my favorite animals this month. The animals that I enjoy are cats, dogs, birds, rabbits, ducks, chicks, fish, and deer. I really like baby deer; they are so cute. I also enjoy ponies and horses. When you go to a circus, you see the horses do different exercises. Some horses also race, they are very fast. I have also seen some other horses pull a wagon behind them with people in it.

PINK

Anonymous

On Valentine's Day, I am going To wear pink! Pink jacket, pink shirt, and gray pants! I even have pink gloves and a pink hat because it will still be cold!

Winter

Jack French

Right before winter, the weather begins to get cold. The outdoor cats and dogs begin to hide, the bears get hungry and look for food to eat. You close the windows in your house because the house will get cold. Not long after the snow starts to fall and everything becomes white. I do not like the cold, I do think the snow is pretty.

Roses are Red, Violets are blue
You are mine, I am yours. My

On my mind, always in my heart
Forever.
